

The Photographic Alliance of Great Britain (PAGB) is a co-ordinating body, organising national events and competition for more than 1100 camera clubs with over 40,000 members.

We wanted to show the world how good amateur photography can be and, having secured several prestigious venues, we launched the “masters of print”, asking club members to submit their very best prints.

We were looking for interesting content, imagination, diversity of subject and technique and pictures created with love. Our selectors were ruthless in their pursuit of our objectives and many great photographs and many great photographers did not make the cut. Just 59 prints, some of the best amateur photography from the UK, and I’m sure every visitor will find one they won’t forget.
