ALL SECTIONS.

The exhibition is open to anyone; however, an entry may be rejected when the sponsoring organisation or its agent, in its reasonable discretion, believes the entry does not conform to the exhibition rules and conditions. Entries are limited to not more than 4 photographs per section, category, or class. An entrant's four photographs will be distributed throughout four rounds of judging in that section.

Entries must originate as photographs (photograph-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally. By virtue of submitting an entry, the entrant certifies the work as his own (aliases are not permitted). The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. Note: Entrants who indicate that their photographs may not be reproduced or used **will not be eligible for awards** or inclusion in audio-visuals of the exhibition **and could be subject to disqualification** by the exhibition organisers.

The exhibition assumes no liability of any misuse of copyright. Photographs may be altered, either electronically or otherwise, by the maker. Artwork or computer graphics, whether created by the entrant or not, must **not** be incorporated. All final work must be on photographic film, or on electronic file, or on photographic or electronic print material. No title or identification of the maker shall be visible anywhere on the face of a photograph, print mat or mount entered in a PSA Recognized exhibition. Each photograph must have a unique title. Once a photograph has been accepted in a PSA Recognized exhibition, that same photograph, or a like "in camera" or a "reproduction" duplicate of that photograph:

- i. May not be re-entered in any section of the same Division Star Ratings class in that exhibition regardless of media, format, or title.
 - ii. May not be re-titled for entry in any other PSA Recognized exhibition.
- Words such as "Untitled" and "No Title" are not acceptable as part or all of an photograph's title, nor are camera capture filenames nor numbers alone.

FIAP Requirements

By the sole act of submitting his/her photographs or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection the following terms:

- that the submitted photographs can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP,
- that FIAP will use any means at its disposal for this undertaking,
- that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP,
- that in case of sanctions following the non-compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules.

Each entrant must agree to FIAP Documents 17/2017 and 18/2017.

It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations.

PSA Requirements

If at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final.

In order to ensure that images comply with the Conditions of Entry and definitions, the exhibition organizers may carry out reasonable measures to verify that:

- a) the images are the original work of the entrant and
- b) the images comply with the rules and definitions as set out in these Conditions of Entry.

These steps include, but are not limited to, questioning any entrant, requiring the submission of RAW files or other digital files representing the original capture of the submitted image(s), confronting the entrant with evidence that one or more submitted images fails to comply with the Conditions of Entry (also known as Entry Rules), and offering the entrant a reasonable opportunity to provide counter evidence to refute the exhibition organizer's evidence by a set deadline. Such entries that are not cleared or are still questionable after the entrant has presented evidence may be considered in breach of these Conditions of Entry, and declined. Such entries may be referred to PSA for further investigation of possible ethics violations.

PSA retains the right to investigate in any way all complaints/suspicions of breaches of entry conditions, impose sanctions if deemed necessary, void the acceptances of any image found to violate the PSA rules, include the entrant's name on the list of sanctions provided to Exhibitions, and share such investigations with FIAP. Entrants automatically agree to these terms by the act of entering the Exhibition and agree to cooperate with any investigation.

Nature

PSA & FIAP (Combined definition)

Nature photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology and archaeology, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. The story telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality. Human elements shall not be present, except where those human elements are integral parts of the nature story such as nature subjects, like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves. Scientific bands, scientific tags or radio collars on wild animals are permissible. Photographs of human created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible, as is any form of manipulation that alters the truth of the photographic statement.

No techniques that add, relocate, replace, or remove pictorial elements except by cropping are permitted. Techniques that enhance the presentation of the photograph without changing the nature story or the pictorial content, or without altering the content of the original scene, are permitted including HDR, focus stacking and dodging/burning. Techniques that remove elements added by the camera, such as dust spots, digital noise, and film scratches, are allowed. Stitched images are not permitted. All allowed adjustments must appear natural. Color images can be converted to greyscale monochrome. Infrared images, either direct-captures or derivations, are not allowed.

Images entered in Nature sections meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with the subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums and any enclosure where the subjects are totally dependent on man for food.

Black & White (Monochrome) (PSA & FIAP Definitions)

PSA.

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.) A greyscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.

FIAP.

A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand a black and white work modified by a partial toning or by the addition of one colour becomes a colour work (polychrome) to stand in the colour category; such a work requires colour reproduction in the catalogue of a salon under FIAP Patronage.

Photo Travel

A Photo Travel image expresses the characteristic features or culture of a land as they are found naturally. There are no geographic limitations. Images from events or activities arranged specifically for photography, or of subjects directed or hired for photography are not appropriate. Close up pictures of people or objects must include features that provide information about the environment. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. The only allowable adjustments are removal of dust or digital noise, restoration of the appearance of the original scene, and complete conversion to greyscale monochrome. Other derivations, including infrared, are not permitted. All allowed adjustments must appear natural.

Prints

The exhibition will comprise **un-mounted** prints of a maximum size of **420mm x 305mm** (i.e.16" x 12" or A3). However, mounted prints of a maximum size of **500mm x 400mm** may be entered but, **if accepted, will not be exhibited**.

Up to four prints may be entered in each section. An entrant's four images will be distributed throughout four rounds of judging for each section.

It is a condition of entry that files of each print shall be uploaded to the entry website. These files will be used for production of the catalogue, a record of the exhibition and for publicity. The selectors will not see these files when choosing the exhibition.

The back of each print must have, in legible writing: **Name, address and Country of the author - The title of the work**. The title on the backs of the prints must match the titles on the Entry Form. Only pressure sensitive (self-adhesive) labels may be used on the backs of unmounted prints.

We are pleased to offer entrants to the **MIDLAND SALON** the opportunity to have their prints passed on to the Welsh International Salon of Photography at no cost of transportation.

At an entrant's request, prints will be passed on to the **SMETHWICK INTERNATIONAL** again at no charge for transportation.

Prints that are NOT passed on to Smethwick International will be DESTROYED.
